MiniScreen Viewer

Installation Instructions

Dear Customer,

You purchased a sleep diagnosis device from us or your device has just been maintained/repaired. You will either have received the MiniScreen Viewer software CD together with the device or we will have sent you a download link. You now need to update or install the MiniScreen Viewer software! Please follow the instructions below to do so.
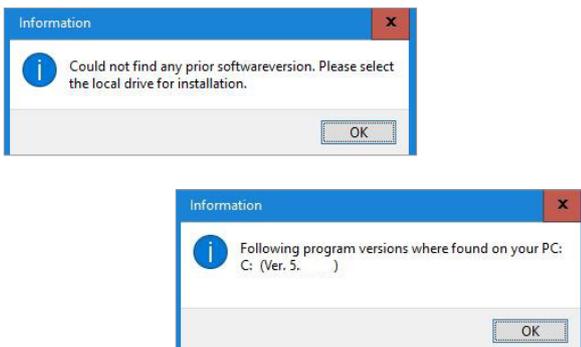

1

Insert the software CD into your computer's CD drive and double-click to select the installation CD in Windows Explorer. Alternatively you can open the installation file you downloaded for the MiniScreen Viewer software. Double-click **setup.exe** to start the installation.

**2**

Select your language in the installation assistant and confirm with **Start!**.

3

Depending on your selection of "new installation" or "update", one of the two windows shown above will open. Confirm with **OK**.

4

We recommend that you use the standard settings. Click **Start**.

5

New installation:
Select your device.

Update:
All settings are retained. Confirm your selection
with **OK**.

6

Confirm with **Yes**.
Next select **Installation / Repair / Update** and confirm your
selection with **next**.

7

Confirm this dialog box by clicking **Install**.

8

Confirm with **OK**.

If you require any help during the installation process, please contact your local specialist dealer.
